

Newsletter - April 2015

New Web Site Live

Following an extensive redesign including many visual, functional and aesthetic improvements, our new web site is up and running.

Aviation System Safety Course

Due to popular demand, this course is being scheduled for June.

<http://www.hcrq.com/airborne-system-safety-course.html>

Discount available for early registration

To Our Readers

We encourage you to send us announcements, articles, lessons learned, etc. so that we can share them with the other readers. Thank you from one and all here at HCRQ!

Hands-On Fault Tree Analysis Course

Scheduled for May 18-19
Williamsburg, VA

www.hcrq.com/fault-tree-analysis-course.html

Includes "Fault Tree Analysis Acceptance/Rejection Criteria"

Software Safety Course

Scheduled for June 22-25
Williamsburg, VA

www.hcrq.com/software-safety-course.html

Clients or Their Representatives

You need to be knowledgeable of system safety.

There are situations out there where deliverables should not be accepted as provided.

Some of them are very poorly constructed, or have huge gaping holes. Yet they have been accepted.

Newsletter Archive

This will be returning soon.

It represents one of the few remaining items to restore on our web site.
