

Newsletter - July Update 2014

International System Safety Training Symposium

August 4-8, 2014
St. Louis, Missouri
issc2014.system-safety.org/

One of our prominent system safety engineers, Marc Axelrod, is chairing the "Software Safety I" session on August 6.

If you going to attend this symposium, we recommend that you introduce yourself to Marc. You will be quite impressed.

New Webinar Pending: How To Get Promoted

As a result of requests we have received along the way, and the positive results obtained from following our advice, we are developing a webinar on this topic.

This webinar will be available shortly.
