

Pending Courses

- Software Safety - July 6-9
- Aviation System Safety - August 3-5
- Hands-On FTA - August 10-11
- System Safety - August 16-20 - Save \$500 - Register by June 21

New Webinar **Applying EN 50126, EN 50128 and EN 50129** **to Existing Systems**

At one time some of you expressed an interest in a seminar on the above topic.

The problem for us was that we could not obtain the quorum necessary to hold the event here and the problem for you was that it was not cost effective to travel here for such a short event.

We have now solved these problems by offering this seminar as a webinar.
